

Around Allestree you will find 8 houses with Christmas nativity lights featuring Mary, Joseph and the baby Jesus. Can you find the houses, solve the clues and win a prize?

### How it works:

1. Follow the stars on the map for the approximate location of the houses with the nativity lights (one set of lights is at Woodlands Church)
2. Once you've found a house with the nativity lights, look for a picture clue in the window and write down what you see on the answer sheet. All the pictures have a star in the corner.
3. When you get home, look up the Bible verses next to each picture clue. These will tell you something about Jesus that might be unexpected. Write the answer on the sheet. If you don't have a Bible, just Google it. **Have fun!**
